PROFESSIONAL PROFILE:

Talent Acquisition Specialist with experience managing the **end-to-end recruiting process**, from briefing **with Hiring Managers through to selection and onboarding**, with a strong focus on **candidate experience**. Skilled at handling **multiple selection processes in parallel** with a **data-driven approach**, tracking KPIs, pipeline and time-to-hire. Strong background in **sourcing, head hunting and talent mapping**, working closely with business lines to support hiring decisions. Experienced in **Employer Branding and EVP communication, using ATS, LinkedIn Recruiter and AI recruiting**. Proactive, with a strong drive to contribute to **HR process improvement and digitalization, from sourcing to onboarding**.

WORK EXPERIENCE:

BRAIN TECHNOLOGIES

Talent Acquisition Specialist | Technical Recruitment & Employer Branding

October 2025 - Present | Turin / Hybrid

- Managing the **end-to-end recruiting process for IT, Engineering and Technical profiles**: from briefing with Hiring Managers to profile definition, through to interviews, offer and onboarding, with a focus on candidate experience.
- **Sourcing and head hunting** via LinkedIn Recruiter, ATS and job boards, using **AI and Boolean Search** to identify and attract passive talent in competitive markets.
- Shaping search strategy together with business lines, using **talent mapping based on seniority, skills and availability to support hiring decisions**.
- **Tracking KPIs, pipeline and performance** (ATS, Asana, analytics) to optimize time-to-hire and selection quality, with a data-driven approach.

INTERPERSONAL, PERSONAL & ORGANIZATIONAL

- Effective communication
- Active listening and mediation
- Problem solving
- Proactivity and initiative
- Adaptability and flexibility
- Results orientation
- Curiosity and innovation
- Collaboration and teamwork
